SMOTH Aid in Identification of AVH Case Officer

Ref: OBBA-7616, 29 Mar 57

1. In OBBA-7616 [ ] advised Headquarters and Vienna of a contact by [ ] double agent "Peter" with an AVH intelligence officer who identified himself to "Peter" as one KERTESZ [ ] requested photographs of the known Hungarian personnel who answered the physical description added by "Peter" [ ] noted that it desired to have the information promptly in order to avoid being "scooped" by local SMOTH prior to the next contact, which was scheduled for 28 April.

2. Headquarters' prompt reply in OBEW-4609 provided a number of photographs but prohibited [ ] from having them shown to "Peter". In reply to [ ]-500 (25 Apr 57), Headquarters in DIR-14552 (26 Apr 57) modified the prohibition but requested that, if possible, the photographs be shown to "Peter" by [ ] himself. On 28 May, in reply to a question [ ] [ ] commented that local SMOTH had provided photographs which had permitted definite identification of the AVH officer as Jozsef \* KERTESZ (no biographical data), who is assigned to the Hungarian Embassy in Vienna. [ ] was upset by this revelation but, according to [ ] [ ] had said nothing to him the previous day about having met "Peter" when the two [ ] [ ] officers were discussing that very individual. At [ ] request, [ ] determined that local SMOTH had on 6 May simply forwarded to [ ] [ ] without any strings attached, photographs among which was one which permitted identification of the Hungarian. On 27 May, [ ] replied to the SMOTH memorandum.

4. While pleased that "Peter"'s latest contact with the AVH has been identified, [ ] continues to resent the fact that circumstances permitted [ ] being "scooped" by SMOTH after all, possibly because [ ] simply
